I give consent to be identity proofed and vetted via government authoritative databases. This consists of providing sufficient information (e.g. federally authorized identification, credentials, or documents), as well as being evaluated by the vetting authority in order to determine whether or not I should be granted physical entry onto the installation.

I give **Consent to Blood, Breath or Urine Tests** and **Consent to Vehicle Impoundment**.

I give consent to provide digitized fingerprint minutia data when requested and consent to search.

I will not bring personal weapons or ammunition on the installation

The above consent is given in accordance with statutory and regulatory requirements.
