DISPENSING POLICIES / PROCEDURES

Main (Hospital) Pharmacy

Process in-house provider scripts
(M-F: 0700-1700)

4700 Las Vegas Blvd North
Nellis AFB, NV 89191-6601
TEL. NO: (702) 653-3201

Phone in refills: (702) 652-5359

Both Pharmacies closed: All federal holidays and specially designated 'down' days

-The pharmacy must use generic medication whenever possible so please write all medications generically.

-A prescription written as "Dispense as Written" may not be accepted.

- **FAXED PRESCRIPTIONS:** Faxed prescriptions are acceptable as long as they are sent from the providers office. No Schedule 2 prescriptions may be faxed.

- **TELEPHONE PRESCRIPTIONS:** Per Air Force directives, no pharmacy staff member may receive a prescription over the phone. This also includes prescription renewals. The pharmacy can, however, accept a change or substitution.

- **NON-CONTROLLED PRESCRIPTIONS:** Are honored up to 365 days from the date the prescription was written. Prescriptions for maintenance medications may be written for up to a 90 day supply with a maximum of 3 refills when requested by prescriber. All other non-controlled prescriptions may be written for up to 30 days supply with a maximum of 11 refills. State and Federal laws maintain that all prescriptions be originally signed by the provider; stamped/copied signatures are NOT acceptable. 'Indications' are highly encouraged to prevent prescription errors.

- **CONTROLLED PRESCRIPTIONS:** Prescriptions for Schedule 3, 4 or 5 medications will be honored for 6 months from the date they were written with up to 5 refills. Prescriptions for Schedule 2 medications will be honored for 14 days from the date they were written with no refills. **Quantities are not to exceed a 30 day supply** (except stimulants). Providers are reminded to include their DEA number on all controlled prescriptions. Controlled prescriptions must be written separate from legend drugs on a different prescription form. Scheduled 3-5 items can be written together on the same form. Only scheduled 2 items can be written with other scheduled 2 items.

- **STAMPED PRESCRIPTIONS/ELECTRONIC SIGNATURES:** are not acceptable. All paper prescriptions MUST be originally signed by the prescriber.

- **WEBSITE:** this formulary and other information about the pharmacy are also available at <http://www.nellis.af.mil/> under the Nellis AFB Links: "Hospital". Click the "Medical Center" link and scroll to the "Pharmacy Information" section.

Click on "Outpatient formulary" to view the formulary.

- Although medications are provided at no cost to our patients, this service is not free—the American taxpayer pays the bill. Please consider less expensive alternatives whenever possible when prescribing.
