Global SunPower Customers Include

Organization	System Size	Annual Reduction of CO2 Emissions
Nellis Air Force Base, USA	15,000 kW	11,640 tons
Bavaria Solarpark (I and II), Germany	13,000 kW	15,000 tons
Serpa Power Plant, Portugal	11,000 kW	30,000 tons
Macy's, USA	8,000 kW	2532 tons
Target Stores, USA	5,000 kW	1,100 tons
Wal-Mart, USA	4,600 kW	1456 tons
Munyeong SP Solar Mountain, Korea	2,200 kW	3,300 tons
Johnson & Johnson, USA	1,920 kW	835 tons
Tiffany & Co., USA	1336 kW	249 tons
Microsoft, USA	480 kW	151 tons

Our Experience

- 200 MW deployed
- Thousands of systems installed worldwide
- Over 275,000,000 kWh generated to-date
- Our customer's produce more than 500,000 kWh each day

The Result

SunPower customers benefit from far lower electric bills, higher carbon emissions savings and a superior solar power system appearance.
