**TRICARE Online (TOL) Pharmacy Refill** allows authorized beneficiaries to securely request prescription refills from the TOL website ([www.tricare.mil](http://www.tricare.mil)). TOL Pharmacy Refill serves as a secure portal to the MHS prescription refill system, AudioCARE, and is compliant with Health Insurance Portability and Accountability Act (HIPAA) and Joint Commission (JC) standards.

Authorized beneficiaries will have the ability to request refills of prescriptions that are refillable, check the status of their refill requests, link to the TRICARE Mail Order Pharmacy (TMOP) web page and, at MTFs so enabled, to request that refills be mailed from the VA Consolidated Mail-Out Pharmacy (CMOP).

**GENERIC PRESCRIPTIONS:** The pharmacy must use generic medication whenever possible. A prescription written as "Dispense as Written" may not be accepted.

**TELEPHONE PRESCRIPTIONS:** Per Air Force directives, no pharmacy staff member may receive a prescription over the phone. This also includes prescription renewals. The pharmacy can, however, accept a change or substitution.

**FAXED PRESCRIPTIONS:** Are NOT acceptable. E-prescribe to "DOD Nellis Air Force Base ePhcy" instead.

**ELECTRONIC PRESCRIPTIONS:** If you see an off-base provider, have your provider electronically prescribe to "DOD Nellis Air Force Base ePhcy" and check-in at the satellite.

**NON-CONTROLLED PRESCRIPTIONS:** Are honored up to 365 days from the date the prescription was written. Prescriptions for maintenance medications may be written for up to a 90 day supply with a maximum of 3 refills when requested by prescriber. All other non-controlled prescriptions may be written for up to a 30 day supply with a maximum of 11 refills. 'Indications' are highly encouraged to prevent prescription errors.

**CONTROLLED PRESCRIPTIONS:** Prescriptions for Schedule 3, 4, or 5 medications will be honored for 6 months from the date they were written with up to 5 refills. Prescriptions for Schedule 2 medications will be honored for 14 days from the date they were written with no refills. **Quantities are not to exceed a 30 day supply** (except stimulants). Providers are reminded to include their DEA number on all controlled prescriptions. Controlled prescriptions must be written separate from legend drugs on a different prescription form. Schedule 3-5 items can be written together on the same form. Only Schedule 2 items can be written with other Schedule 2 items.

**STAMPED PRESCRIPTIONS/ELECTRONIC SIGNATURES:** Are NOT acceptable. State and Federal laws maintain that all prescriptions MUST be originally signed by the provider.

**WEBSITE:** This formulary and other information about the pharmacy are also available at <http://www.nellis.af.mil/> under the Nellis AFB Links: "**HEALTH**". Click the "**PHARMACY**" link. Click on "**Outpatient Formulary**" to view the formulary.

Although medications are provided at no cost to our patients, this service is not free—the American taxpayer pays the bill. Please consider less expensive alternatives whenever possible when prescribing.
